

**** WINTER BULLETIN ****

Thank you for your continued support of Sierra and Dynamix products. The purpose of this specially created Bulletin Sheet is keep you informed of all the latest Sierra and Dynamix news for the months ahead. This sheet contains details of the top selling Sierra Titles, newly released games and games which will be released throughout the winter of 1993.

News Bulletin

Sierra On-line Ltd and leading French distributor Coktel Vision and joined forces to bring you an even greater range of entertainment software products. Coktel will form part of the Sierra family and the new group will now be offering you a great new line-up of products from Sierra(Adventure), Dynamix(Simulations), Coktel(Education and Adventure), Brightstar(Education) and Jeff Tunnel productions(The "Incredible" Range).

GREAT NEW PRODUCTS FROM COKTEL VISION !!!!!!!

INCA II (WIRACocha)

(IBM PC / CD-ROM)

(£49.99 / £54.99)

Installed as great INCA, thanks to the power he amassed during the first INCA adventure, ELDORADO has at last united the four quarters of the empire. But a mysterious asteroid is menacing the harmonious balance that our old and powerful planet has built up over the centuries. Has AGUIRRE, the conquistador, really managed to gain control of all the asteroids's potential might? ATAHULPA, the young and hotheaded son of ELDORADO, sets out to counter the new threat, despite the advice of the Sages of the Grand Council, and against his father's wishes. Features video integration of many characters, post-synchronization of spoken sequences, lots of dialogues and action sequences in strange indoor and outdoor settings.

GOBLINS 3

(IBM PC / AMIGA)

(£39.99 / £34.99)

The fabulous "Jewel of the World" in the heart of the Foliander maze, has since the dawn of time been the object of desire, as according to the legend, it will secure an eternity of pleasure for its owner. Consequently, both Queen Xina and King Bodd are in constant competition to get their hands on it. In response to the wishes of the enthusiastic readers of "Goblins News", Blount the reporter sets off in quest of an interview with each of the rival monarchs. Alas, after having been savaged by a wolf, he finds himself endowed with a double personality, half-goblin and half-werewolf, a fact he has to make the best of... Features a many-faceted production with isometric perspectives, a transforming hero, puzzles on panoramic screens in scrollings and hilarious sound effects.

LOST IN TIME

(IBM PC / CD-ROM)

(£44.99 / £49.99)

Doralice is caught up in an unusual adventure involving two interlocking episodes to bring you greater entertainment. Strange places : a mysterious Beton manor house, a galleon surging up out of the past, a bewitching tropical island, and strikingly true-to-life characters : Melkior the secret agent from the future, Delia the fortune-teller... They all feature in a scenario that has been carefully plotted and brilliantly directed. But who is Doralice supposed to save? You'll find out by going back in time and working out the clues of an intriguing plot. Features Full motion video and real actors in movie sequences.
